

NATURAL STONE

Diminishing Natural Cotsway Stone Slate

Ethically sourced Natural Stone Roofing Slate

Greys Natural Cotsway Stone Slate Preserving Britains Heritage

Greys Natural Cotsway Sandstone is ethically sourced, dressed and sized to provide an authentic Cotswold Slate roofscape appearance.

With the increasing expense and availability of the original natural Cotswold roofing slates, Greys have created a genuine natural alternative with the Cotsway Natural Stone range, which match the versatility and beauty of the natural Cotswold stone roofing slates.

Cotsway Natural Stone Slates create a truly diminishing stoner slate roof, with a vast range of sizes and are available in Buff and Aged. Greys Natural Cotsway Stone have been designed in consultation with professional roofers and architects to achieve an easy to lay slating format with supplied batten schedules for each roofing elevation, resulting in a coursed and diminishing natural stone slate roof.

Each individual stone has been hand crafted, dressed and as with natural stone, shades vary with no two slates being identical., ensures a truly authentic roofscape.

Advantages of Greys Natural Cotsway Slates

- Laid Weight 120 Kg
- Easy to Lay Format, Batten Schedules provided
- Pre drilled 8mm peg hole
- Lifetime Guarantee
- Calibrated thickness to 18mm
- Ventitlation Slate and Ridge available
- Saves Cost on Labour

Note: Individual approval must always be obtained

Extensive Stock

We have excellent stock availability which ensures prompt delivery at competitive prices. We stock core items and weather them on our site. All items are carefully packed in crates and delivered to meet exacting deadlines.

Fully Calibrated Product

Each slate is machine calibrated to 18mm thickness to ensure they lie flat on the roof. They can be used with or without a water table finish to the edges of the roof.

Reduced Wastage

We carefully calculate clients requirements and produce a fully comprehensive batten schedule to ensure that wastage is kept to a minimum.

Batten Layout Service

Our Batten Layout Service provides you with all the necessary technical information to ensure your roof will look and perform as it should.
